

IN THE UNITED STATES DISTRICT COURT
FOR THE CENTRAL DISTRICT OF CALIFORNIA

GEORGE GONZALEZ,

Plaintiff,

v.

**STATE OF CALIFORNIA; CITY
OF HEMET; PATRICK
SOBASZEK; ANDREW REYNOSO;
SEAN IRICK; and DOES 1-10,
inclusive,**

Defendants.

Case No. 5:25-cv-00331-KK-DTB

~~PROPOSED~~ ORDER ON JOINT
EX PARTE APPLICATION AND
EX PARTE APPLICATION FOR
MODIFICATION OF
SCHEDULING ORDER AND
TRIAL CONTINUANCE

[FIRST REQUEST]

[NOTE CHANGES BY COURT]

Having considered Defendants' Application for Modification of Current
Scheduling Order and Trial Continuance, this Court finds that:

GOOD CAUSE DOES EXIST to allow Defendants until March 30, 2026, to
take Plaintiff's deposition and resolve issues regarding discovery propounded prior
the imposed discovery cut-off of November 20, 2025. With respect to the request
to continue the discovery cut-off to pursue other discovery and to extend other pre-
trial deadlines, Defendants fail to establish circumstances justifying the use of ex
parte procedures of good cause to modify the Court's Scheduling Order.

IT IS SO ORDERED.

Dated: January 12, 2026

Honorable Kenly Kiya Kato
U.S. District Judge
